FARNHAM foot reader Anne Scardarella was invited to the Selfridges Shoe Gallery's glamorous first anniversary party last month.

Anne reported, "It was a terrific evening, so many party feet to read!"

She explained, "Feet reading looks at our feet to read our personality, character, what's happening and what's happened in our lives. By looking at feet. I read the emotion that causes the physical appearance".

Anne has been invited back for future events after her readings were so well received.

She offers individual readings, readings with reflexology, and feet reading parties.
